
Vernova Anna

In my works I want to reflect my emotional world
through the dance of light and lines.
Also it is very important to reflect one’s own style,
full with sounds of colors,
because each color has its own unique sound
and their combinations create the melody on the canvas,
different in intensiveness and perception.

Anna Vernova was born in Moscow,
She graduated from The Moscow State University of design and Technology,
department of costume.
She is an award winner of the Young Designers Competition,
participant of the Fashion week in Moscow,
artists’ symposium in Riga
and exhibitions at the Central House of Artists in Moscow.
